V10

Fully Automatic Smart Lock

Product Features

3D Face + Palm Vein Contactless Unlock

Video Intercom (Two-way Communication)

Supports Mobile App Control

Infrared High-Definition Wide-Angle Camera

Abnormal Stay Alert & Instant Notification

Super Large 4.5-inch Indoor Screen

Multiple Unlock Methods
Face / Palm Vein / Fingerprint / Password
IC Card / Mechanical Key / App

5000mAh High-Capacity Lithium Battery

Type-C Emergency Power Supply

Supports Multiple Languages

Technical Specifications

Material Quality	Aluminum Alloy
Color	Starlight Gray
Unlock Method	Face, Palm Vein, Fingerprint, Password, IC Card, APP, Mechanical Key
Protocol	WiFi / Zigbee / Matter
Screen	4.5-inch Indoor Large Screen
Camera	Infrared High-Definition Wide-Angle Camera
Battery	5000mAh Lithium Battery
Emergency Power	Type-C Interface
Applicable Door Thickness	40-120mm
Adapt Lock Body	6068 Anti-theft Lock Body
Working Voltage	DC 7.4V (Lithium Battery)
Working Temperature	-10°C ~ 60°C
Working Humidity	20% ~ 93%RH
User Capacity	Total of 300 users (up to 100 for facial recognition and up to 100 for palm vein recognition)
Dimensions	H420 × W70 × D48 mm (front panel) / H425 × W70 × D70 mm (back panel)

Adapter Lock Body (Optional)

6068
(Square tongue)
